

Remarks

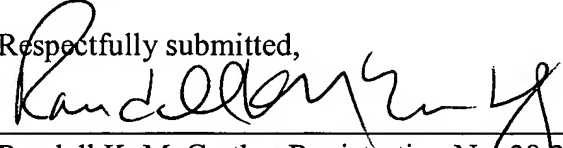

The present application, which was filed on November 14, 2003, was recently transferred to us by the Applicant for prosecution before the United States Patent and Trademark Office.

The Applicant has provided certain amendments to the claims in the present application which will correct typographical errors found in the claims and claim numbering.

In the present application, the second claim 7 and claims that follow have been renumbered as claims 8-18. Renumbered claims 11-15, 17 and 18 have also been amended to correct the references to prior claims. In addition, renumbered claim 8 has been amended to remove an extra space before the period at the end of the claim.

It is submitted that these amendments are proper, do not introduce new matter, and facilitate prosecution of the application. Entry of the amendments is respectfully requested. The Applicant's attorney apologizes for any inconvenience these errors may have caused.

Should any questions arise concerning this application or preliminary amendment, the Examiner is invited to contact the below signed attorney.

Respectfully submitted,
